

James Meador

Ecotoxicology and Environmental Fish Health Program
National Oceanic and Atmospheric Administration/NOAA Fisheries/NWFSC
2725 Montlake Blvd. East, Seattle, Washington 98112
(206) 860-3321 james.meador@noaa.gov
http://www.nwfsc.noaa.gov/contact/display_staffprofile.cfm?staffid=234
http://deohs.washington.edu/faculty/meador_james

Education

1988 **Ph.D. Aquatic Toxicology**, University of Washington, Seattle, WA.
1981 **M.S. Biology/Physiology**, San Diego State University, San Diego, CA.
1975 **B.A. Zoology**, Humboldt State University, Arcata, CA.

Work Experience

1997 – present **Team Leader**, Hazard Assessment and Risk Modeling Team.
1992 – 1994 **Team Leader**, Toxic Metals Research Group and Analysis Laboratory.
1990 – present **Fisheries Research Biologist**, National Marine Fisheries, NOAA.
1989 – 1990 **Research Associate**, National Research Council. Research Associateship at the National Marine Fisheries Laboratory in Seattle (Dr. U. Varanasi).
1988 – 1989 **Senior Associate Scientist**, EnviroSphere Company.
1983 – 1988 **Predoctoral Research and Teaching Assistant**, Univ. of Washington.
1982 – 1983 **Analyst**, Computer Sciences Corporation, San Diego, CA.
1981 – 1982 **Senior Research Biologist**, Naval Ocean Systems Center, San Diego.
1975 – 1981 **Staff Research Associate**, Scripps Institution of Oceanography, University of California, San Diego.

Appointments

2014 Affiliate Professor, Department of Environmental and Occupational Health Sciences, School of Public Health, University of Washington.

Teaching Experience

1986 **Predoctoral Teaching Assistant**, School of Oceanography, University of Washington. Karl Banse.
1984 - 1987 **Predoctoral Teaching Assistant**, School of Fisheries, UW. Frieda Taub.
1982 **Instructor**, Centro de Investigacion Cientifica y de Educacion Superior de Ensenada (CICESE), Ensenada, B.C., Mexico. Physiological ecology.

Conferences/Sessions

"Tissue Residue Toxicity – evaluations, case studies and applications". 2010. Society of Environmental Toxicology and Chemistry (SETAC) national meeting, Portland, OR. Co-organizer and co-chair of session.
"Predicting Toxic Effects Based on Contaminants in Tissue". 2008. SETAC national meeting, Tampa, FL. Co-organizer and co-chair of session.

"The Tissue Residue Approach for Toxicity Assessment: A Pellston Workshop". 2007. An international workshop sponsored by SETAC. Organizer and chair. Proceedings published as a special series containing 6 review articles in the journal *Integrated Environmental Assessment and Management* 2011.

"The Tissue Residue Approach and Mode of Action for Assessing Toxicity". 2004. Pacific Northwest SETAC, Port Townsend, WA. Organizer and chair.

"Assessing Toxicity: Critical Body Residue Approach". 2003. SETAC national meeting, Austin, TX. Organizer and chair of session.

"Sediment Quality Guidelines". 2003. Pacific Northwest SETAC, Port Townsend, WA. Organizer and chair of session.

"Sediment Chemistry and Toxicology". 2002. SETAC national meeting, Salt Lake City, UT. Co-chair of session.

"Transboundary Contamination". 1995. SETAC World Congress, Vancouver, B.C. Organizer and chair.

Fourth Annual Organotin Symposium - Oceans 89 Conference, Seattle, WA. 1989. Organizer and chair.

Affiliations

Member of Data Guidelines Board for PLOS organization, 2015 - present.

Section editor, *PLOS ONE*, July 2014 - present.

Academic editor, *PLOS ONE*, 2013 – 2014.

Podcast editor and editorial board member, *Integrated Environmental Assessment and Management*, 2011- present.

Review editor, *Aquatic Biology*, 2007 - present.

Anonymous Referee, *Marine Ecology Progress Series*, 2002 - 2006.

Past Board member, Pacific Northwest chapter of the Society of Environmental Toxicology and Chemistry.

Society of Environmental Toxicology and Chemistry (national).

Research advisor, National Research Council Associateship Program, 2005 - present.

Awards

Top Paper award (one of 8) from the Society of Toxicology for advancing the science of risk assessment (2012). Sappington et al. (2011).

Paper of the Year for 2009 from the journal *Human and Ecological Risk Assessment* for the category of ecological risk assessment.

Paper of the Year for 2006 from the journal *Human and Ecological Risk Assessment* for the category of ecological risk assessment.

NOAA Fisheries Bronze Metal. 2006. For innovative work with an interdisciplinary team on a complex Biological Opinion for ESA listed salmonids.

Public Service Award 2005. Seattle Federal Executive Board. For work on the Potlatch Mill Biological Opinion.

Several performance awards (NOAA).

University of Washington, School of Fisheries. Geil Memorial Scholarship 1986, Egtvedt Scholarship 1985, Summer Research Scholarship 1986 and 1988.

Peer reviewer

Journals

Nature Communications, Aquatic Toxicology, Proceedings National Academy of Sciences, Transactions of the American Fisheries Society, Ecotoxicology and Environmental Safety, Marine Biology, Marine Environmental Research, Environmental Science and Technology, Comparative Biochemistry and Physiology, Marine Pollution Bulletin, Ecological Applications, Marine Ecology Progress Series, Archives of Environmental Contamination and Toxicology, Bulletin of Environmental Contamination and Toxicology, Water Research, Aquaculture Engineering, Environmental Toxicology and Chemistry, Integrated Environmental Assessment and Management, Science of the Total Environment, and several book.

Organizations

Environmental Protection Agency, Health and Environmental Sciences Institute, NOAA Sea Grant, Hudson River Foundation, Puget Sound Water Quality Authority, Washington State Dept. of Ecology, ASTM protocols under development, NMFS, NOAA Hazmat, California Dept. of Fish and Game, CALFED Bay-Delta Program, the Florida Wet Environments Program, and the Virginia Institute of Marine Sciences, Coastal Response Research Center at the University of New Hampshire.

Invitations, Panels, and Workshops

Invited participant for SETAC sponsored Pellston Workshop on endocrine disruptors. Pensacola, FL. February 2016.

Invited participant for workshops on polar cod ecology and ecotoxicology. Copenhagen, Denmark, 8-10 April 2014.

Invited panelist for sediment toxicity and risk assessment workshop. European Chemicals Agency, Helsinki, Finland, 7 - 8 May 2013.

Invited presentation to ARCTOS forum, University of Tromsø, Norway, 13-15 June 2012.

Invited keynote speaker for conference "Environmental Quality Standards for Protecting Aquatic Ecosystems." Also chaired a contributed paper session and led a group discussion on this topic. Hong Kong, 3 – 7 December 2011.

Invited panel member and presenter for a two-day workshop to evaluate procedures for assessing PCB toxicity under the Natural Resources Damage Assessment and Restoration (NRDAR) process within the U.S. Department of Interior. Seattle, WA. 21-22 Sept. 2011.

Guest editor for a special issue of the journal *Integrated Environmental Assessment and Management*. January 2011.

Invited instructor for a workshop sponsored by the International Atomic Energy Agency to train scientists from countries that border the Black and Caspian Seas. Topics included aquatic toxicology, ecological risk assessment, and field sampling/monitoring. Monaco, 1 – 11 December 2009.

Invited by the National Water Research Institute to serve on a peer review panel that examined the impacts of organochlorine pesticides in Newport Bay, California and the TMDL proposed by the County of Orange. Panel met 7 – 8 April, 2009.

Invited to the U.S. EPA Science Advisory Panel for Pesticides (FIFRA) as an ad hoc member (2008). Attended panel meeting in Washington, D.C. 28 – 31 October 2008 to provide peer review on proposed methods to assess ecological risks for pesticides with persistent, bioaccumulative, and toxic characteristics.

Member of a peer-review panel for U.S. EPA Region 2 to evaluate the proposed framework for human and ecological risk assessment related to dredging activities in the New York/New Jersey area. 2002 – 2004.

Invited participant for SETAC sponsored Pellston Workshop on Sediment Quality Guidelines. Butte, MT. 2002.

Invited presentation at US-Japan International Workshop for Endocrine Disruptors. National Institute of Environmental Studies, Tsukuba, Japan, February 2001.

NOAA Related Activities

Consulting

Frequent consulting with state agencies (e.g., Dept. of Ecology, Dept. Fisheries and Wildlife), Federal agencies (EPA, NOAA), consulting firms (e.g., Parametrix, PTI), Universities, other agencies (e.g., Cal Regional Water Quality Board, San Diego Sanitation District), and miscellaneous groups and individuals.

Substantial contribution to EPA's workgroup on tributyltin sediment criteria at local superfund sites.

Co-author for guidelines on the use of treated wood in the Columbia River under the Endangered Species Act.

Part of collaborative team to formulate NMFS Biological Opinion on Water Quality Criteria for Idaho, Oregon, and for the Potlatch Mill in Lewiston, Idaho.

Substantial contribution to various NMFS Biological Opinions for several local projects in Washington and Idaho.

Training

Designed, organized, and managed a statistics class for the Northwest Fisheries Science Center. Forty individuals from the center attended two 10-week sessions that covered basic to advanced biometrics.

Organizer and chair of Environmental Conservation Division seminar series 1991-1996.

Presentations:

I have presented papers almost every year for that last 20 years at the national meeting of the Society of Environmental Toxicology and Chemistry (SETAC).

Additionally, I have presented papers at various national and regional meetings such as the Puget Sound Water Quality meetings, American Chemical Society, the International Conference on Metals in the Environment, and various workshops.

Invited Presentations

Society for Environmental Toxicology and Chemistry (SETAC), national meeting, 1994, 1998, 2000-2010.

Sediment Advisory Group. June 2002. Seattle, WA.

North Pacific Marine Science Organization (PICES), Victoria, B.C. Oct. 2001.

International Navigation Association (PIANC) meeting held in Seattle, WA. June 2001.

Grants and Contracts

Co-PI on grant "Integrated Biomonitoring for Emerging Contaminants". Studies in Puget Sound. WA to assess physiological and genomic responses to pharmaceuticals, personal care products, and other chemicals of emerging concern. Funded by the WA Dept. of Ecology. 2013-2015.

International partner on a grant to study the effects of PAHs on polar cod. Jasmine Nahrgang, Principal Investigator. University of Tromsø, Norway. 2012 – 2015.
